

Welcome to My name is
and I live in

We are very excited you have chosen to visit us and we hope we can help you save your planet Ahmee.

To help you learn about our planet, we thought we might share with you some of the most important things about us.

All humans, plants and animals need,
..... and to live.

We also need shelter from the weather. Australia can be very hot in some places and very cold in others!

Some of us live in
and some of us live in
and some of us live in

★ Our animals, birds, fish and reptiles live in many different places too. Some live in ★
and some live in and some live in

★ We have some very special animals, birds, fish and reptiles here in Australia. We think you would like to meet a ★

EXAMPLE

★ While you are in Australia, you might like to see some of our famous landmarks! Here is one you might like to see: ★

EXAMPLE

★ Wishing you a happy stay in Australia! ★
★ Love, ★

INITIAL NAME HERE

PS: I'd like to give you one piece of advice while visiting planet Earth, and that is

(Remember, this is Lyka's FIRST time on Earth, so she needs your help!
What would you want to know if you were Lyka?)

Instructions for getting this letter to Lyka!

Hi Earth Heroes,

In order to get this letter to Lyka, where she'll bring it back with her to planet Ahmee, a parent or teacher needs to follow these instructions:

Snap a photo of this letter

Upload the photo to Facebook, Instagram or Twitter and hashtag #weloveLyka
OR upload directly to the Lyka's Adventure Facebook page.

Send the photo directly to
Lyka@connectedsparks.com
